We both work at the Mississippi Test Facility and use our car to commute to work. We need dependable, economical transportation. Our job depends on being able to get to work on service was upmost in our minds and since our new Chevrolet Dealer Service Dept. is open until 9:00 p.m., this gives us a chance to get service after we leave work.

We would also like to recommend Wally Walcott as there was the procedure applied from him and spent the necessary time with us to assure that we got the right car for our needs.

**RUSSELL J. ELLIOTT**  
Candidate for Supervisor District 5  
announces his platform

In order to compete with our neighboring areas, it is essential that many changes be made in the operation of our County affairs. Newer, modern and progressive actions, along with careful planning will be the basis of my platform. Throughout the campaign each individual pledge will be explained in detail along with the manner in which the pledge will be accomplished.

**I WILL:**

- Keep the taxpayers fully informed of the operations of County business.
- Encourage an open study and discussion of County affairs by local civic groups, business establishments, and individuals.
- Oppose all ridiculous bond issues and reduce taxes wherever possible.
- Pursue and attempt to obtain all State and Federal benefits.
- Work whoheartedly with other Officials to solve County problems.
- Immediately begin a permanent drainage and road surfacing program.
- Institute a planning and development board for the promotion of our county by appointing a citizen from each section of the district to a general advisory board as a general representative for that section.
- Work toward the removal of the unsightly and unsightly garbage dump from Jackson Ridge and institute a County garbage collection with constructed garbage-holding tanks in each section.
- Improve the work of County employees.
- Reduce local merchants in the expenditure of County tax money whenever possible.
- Work with all progressive organizations.
- Continue my efforts in behalf of the youth, our children.
- Endeavor to create recreational facilities.
- Take an active and personal interest in our County Hospital, schools, County Home, and other County facilities.
- Cooperate with other members of the Board of Supervisors in a dignified manner.
- Immediately inaugurate an area industrial and promotional program utilizing all of our natural resources to foster the County's welfare.
- Be available at the Courthouse each Monday to meet with any citizen.
- Serve you the entire four years and expend every effort towards progress.

**"PLAN THE COUNTY WORK AND WORK OUT THE PLANS,"**

With continued effort and your help these many pledges will be accomplished.

It is my intention to see you personally before election. Please read this platform carefully and discuss the different pledges with me. If you have other valuable programs, I will be happy to discuss them and incorporate them in this platform.

Thanking you very much for your consideration of my candidacy as Supervisor for District 5 and requesting that you do consider all good citizens, their past performance for the good of the County, their personal conditions in the welfare of the people, and their potential ability and desire to move Hancock County progressively forward, I feel that you can feel confident you will find that **RUSSELL J. ELLIOTT** is the candidate you wish to serve you.

# Yarborough bats Durham named PCI manager

Tiger 1-hit win

Striking out 13 men in seven innings, Claude Yarborough pitched a one-hit game to lead the Tigers to a 1-0 victory over the Cardinals in a Gulf Coast Conference game at Day St. Louis, Miss., Tuesday.

The Tigers were 6-4 for the season and were scheduled to play Long Beach Tuesday in Tiger Stadium.

St. Louis took a 1-0 lead in the eighth inning but the Tigers, playing improved ball, tied it up in the fourth on a single by Percy Stephens who stole second base scored on Bill Lamborn's single.

The Cardinals won the game in the fifth when Drew Pillingame singled, Jimmy Loefer and Tommy Martin walked, Pillingame and Loefer scoring on Lamborn's double. Lamborn hit 2 for 3, Pillingame 1-2, Percy Stephens and Yarborough 1-3.

James E. Durham of Day St. Louis was appointed general manager of the Cardinals today. Durham is a recent member of the Cardinals club.

"Big Jim" is one of the best managers in the area, and has had many years experience in this position.

He is familiar with the operations and we feel he will be a great asset to the club, having accepted the overall, on the spot management of the club and the Cardinals, an official said today that he will be in full charge of all club operations and personnel in addition to working closely with all coaches, employees and members toward achieving whatever goals are set up.

He replaced Louis Trogue of Long Christian who resigned.

## Virgil E. Stockstill

Announced today he is withdrawing from the race for Supervisor, Beat 2, Hancock County on the advice of his Physician and he is not selling out as has been rumored.

The advertisement below - currently appearing in national publications - is another in a "Report to the Nation" series we are sponsoring along with our parent organization, The Southern Company. By telling the nation the dramatic story of our region's dynamic progress, we hope to further enhance its development.

Chuck Allen came to Mississippi  
to test-fire Apollo moon rockets.

Look what his family  
got in the bargain.

Charles G. Allen, former Air Force colonel with two degrees in aeronautical engineering, moved to southeast Mississippi to test-fire rockets for the Apollo moon flight.

His project, the 82-foot, 532-ton, 17,400 mph Saturn V second stage, built by North American Aviation, is NASA's 140,000 acre, \$300 million Mississippi Test Facility in Hancock County. The giant rocket assemblies are barged there for performance tests before going to the Cape - and out of this world.

The Allens came to Gulfport via California, Manila, Tokyo and other exotic addresses. But, now it's Mississippi - for keeps. "Wonderful living," say Chuck and Virginia Allen. "When we retire, we'll be right here."

They cite advantages like year-round water fun, with children Brett, Tony and Maureen. Fine universities. Cultural attractions - like the beautiful Gulfport library (left).

Great country, this Southland. And we of The Southern Company system are proud of the role we play in its continued march - providing abundant low-cost electrical power for Progress over a dynamic 120,000-square-mile area.

# We care a lot of your neighbors have stopped baking pies!

Maybe it's because they discovered Jane Parker Pies... thousands have.

But... you say, "No thanks, there is nothing like a good home-baked pie." We agree... they're great."

But would you believe it if we told you our Jane Parker Pies taste home-baked? Probably not... until you've tried one.

Then you'd discover the crust is short and flaky like your own.

You'd discover the fruit is the kind you'd use... the best... juicy, not stiff with starch.

And if you popped a Jane Parker Pie into the oven and warmed it before serving, you'd discover a pie you'd be proud to call your own.

Are Jane Parker Pies a good reason for shopping A&P? They're one of many.

**St. Rose seeks financial aid**

St. Rose de Lima Church is appealing to the public and various local organizations for assistance in curtailing its \$52,000 debt on its school building.

Letters outlining the financial difficulties were mailed last week signed by Rev. George A. Heffner, pastor, and Leon Bradley, chairman of the drive. The church recently paid \$2,507.85 on interest on the debt. "We've tried in many ways to make enough money to pay substantially on the principal, but \$100 was the best we could do," they explained. "Since our own efforts are not enough, we must look for outside help."

"We're proud of the attractive St. Rose High School building which you view when you drive along Necanic Avenue. We're also proud of the present students and the many others who have gone from St. Rose to make their mark in the world," Father Heffner noted.
